

Wanida Chaiyo

Backend Engineer | wanida.c@example.com | Phuket, Thailand

EXPERIENCE

Andaman Software — Backend Engineer	2022 - Present
Built the booking API in FastAPI and PostgreSQL, serving 11 partner agencies and roughly 8,000 reservations a day across three regions.	
Cut p95 checkout latency from 900ms to 210ms by batching the writes.	
Similan Tech — Developer	2019 - 2022
Maintained a PHP storefront and migrated its billing to a queue-based worker, which removed the nightly maintenance window entirely.	

EDUCATION

Prince of Songkla University — B.Sc Computer Science	2015 - 2019
